FortiAP and FortiOS 7.x Compatibility Matrix

The following tables show the recommended compatibility information between FortiOS 7.x versions and select FortiAP models and firmware versions. Use the tables to determine which FortiAP firmware version is compatible with which FortiOS version.

- [FortiAP](#)
- [FortiAP-C](#)
- [FortiAP-S](#)
- [FortiAP-U](#)
- [FortiAP-W2](#)

For compatibility information between FortiOS 6.x, see the [FortiAP and FortiOS 6.x Compatibility Matrix](#).

FortiAP

We recommend that the FortiAP firmware version be matched with the respective FortiOS version when available. Other variations of FortiOS and FortiAP versions may technically work for the lowest common feature set. However, if problems arise, Fortinet Support will ask that the versions be matched, as recommended, before troubleshooting.
